

Teach the same  
classes I taught  
last semester

Variety in my  
schedule

No teaching on  
Fridays!

Use seniority to  
assign classes

An inclusive and  
equitable process

Keep new preps  
to a minimum

Choose classes  
like a draft

I only want to  
teach upper-level  
classes

We need instructors to be able to teach more than one type of class

I'd like some stability  
in what I teach from  
year to year

We'll never figure this out! Just let the Dean assign classes.

New instructors get  
the least desirable  
classes

Full-time faculty  
should choose classes  
before part-time  
faculty

I would like to teach  
courses that align with  
my passion

I do not want to teach  
early in the morning

We shouldn't have too  
many online classes

I have an interest in  
teaching only lecture-  
style courses

We should “spread the  
wealth” amongst all  
faculty
