## Cover

This "3-D" photo was taken by **B. Wolfgang Hoffmann**, winner of the Silver Award in the 1994 Critique & Awards Program— part of the Class 24 Black and White Photo Series. Hoffman used a Tamron 35-105/2.8 mm zoom lens and shot at 60 mm. The lighting effect was achieved by using a black room divider for the background with a single White Lightning flash unit off the right with an umbrella.
